

C.V.

----- personal details:

- name : Seyyed mohammad hashemi
- Position: scientific staff ,lecturer
- Adress: P.O.Box 37185-779, Qom, IRAN
- Tel:+98 912 251 8705
- Email : hashemi570@yahoo.com

----- Educational record:

- Associate diploma,Razi university ,Iran(1986) ,livestock affairs
- Bsc ,Shahre Kord university,Iran(1993) , Animal production
- Msc,Isfahan university of technology,Iran(1997),Animal nutrition

----- Research interest

- Role of Polyamines in digestion, Fats and calcium metabolism , New protein sources in animal nutrition,

----- Conferences articles :

- S.M.hashemi,M. beiki , april 2005, Use of acidifiers in feeding of broilers and comparison them by Virginiamycin, Conference on Gastrointestinal Function , Chikago , Illinois
- Beiki M. , S.M., Hashemi, H. Lotfolahiyan , sep. 2004 , The use of fat and Grindazyme in broiler diets containing hullless barley, 1st Iranian congress on animal and aquatic sciences , Univ. of Tehran , Faculty of agriculture ,karaj
- Beiki M. , S.M., Hashemi, H. Lotfolahiyan , sep. 2004, Evaluation of the effects of different inputs on productivity of broiler rearing farms in Qom province , 1st Iranian congress on animal and aquatic sciences , Univ. of Tehran , Faculty of agriculture ,karaj
- S.M.hashemi,M. beiki, 2003, The use of sodium sulphate in fat contained diets as sulphur source In broiler diets, 9th World Conference on Animal Production
- Beiki M. , S.M., Hashemi, H. Lotfolahiyan, 2000, Study of diferernt levels of energy,feed form and gender on broiler performance under heat stress, 3rd livestock and poultry nutrition seminar, Animal Science Research Institute
- S.M. Hashemi ,2003 Reducing rapeseed antinutrients and using it in poultry nutrition, Canola in livestock and fish nutrition seminar, Univ. of Tehran , Faculty of agriculture , karaj
- Hashemi S.M , Factors affecting Ca metabolism in laying hens , The research findings propagation week seminar., Qom agriculture research center
- S.M.hashemi,M. beiki, H. lotfollahiyan , 2001, Effects of different levels of protein , protected fat and sodium bicarbonate on performance of heat stressed laying hens, 2nd Country poultry seminar,
- M. beiki S.M.hashemi, , H. lotfollahiyan , 2001 ,Study of different levels of energy,feed form and gender on broiler performance under heat stress , 2nd Country poultry seminar,
- S.M.hashemi,M. beik, 2005, The comparisons between soybean oil and its calcium salt in view to metabolisable energy and calcium and ash retention in laying hens, students seminar of animal and poultry science, Razi university, college of agr.
- S.M.hashemi,M. beik ,Using sodium sulfate as sulphur supplements in broiler feeding , 1st Iranian congress on animal and aquatic sciences, Aug 31-sep 2,2004
- M. beiki S.M.hashemi, , H. lotfollahiyan , 2004 ,The use of fat and Grindazyme in broiler diets containing hull less barley , 1st Iranian congress on animal and aquatic sciences, Aug 31-sep 2,2004
- M. beiki S.M.hashemi, , H. lotfollahiyan ,2004, Effects of different excess dietary copper level on yolk cholestrol and performance of two strains of layig hens 1st Iranian congress on animal and aquatic sciences , Aug 31-sep 2,2004
- M. beiki S.M.hashemi, , S. Ssureh ,2004, Evaluation of the effects of different inputs on productivity of broiler rearing farms in Qom province ,1st Iranian congress on animal and aquatic sciences , Aug 31-sep 2,2004
- S.M.hashemi,M. beik , 2007, Determining metabolisable energy of fat powder and soybean oil and their effects on calcium and ash retention ,2nd Iranian congress on animal and aquatic sciences,
- S.M.hashemi,M. beik , 2007,The effects of saponified fat and non-saponified fat among with different calcium levels on performance of laying hens and eggshell quality , 2nd Iranian congress on animal and aquatic sciences

----- Thesis supervision:

Advisor of thesis entitled :

- Replacing methionin with sodium sulfate in fat contained diets of broilers, 2002, Master degree, Mazandran university

- **Application of two levels of fat with different proportion of fatty acid:soybean oil in broilers diet.(Tehran university) master degree**

Teaching subjects:

- **Animal and poultry nutrition**
- **special English for animal science**
- **Principle of animal and poultry breeding**
- **Using computer in animal husbandry**
- **Basis of calculating final cost of animal products**
- **turkey production**

short term education

- **Principles of feeds chemical analysis lab., Animal science research institute(2004)**
- **Principle of laboratory animals rearing ,Razi institute (2001)**
- **Livestock metabolic disorders , Bakery training center- urmia-(1999)**
- **Principle of supervising, Qom training center (1998)**
